**Sub: Empanelment as Energy Service Company (ESCO) with Bureau of Energy Efficiency (BEE) – Regarding.**

Dear Sir,

This has reference to your application for enlisting as Energy Service Company with BEE.

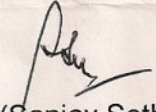

I am pleased to inform that based on the evaluation of your credentials by SEBI approved agencies - CRISIL & ICRA, your company has been empanelled with BEE as an Energy Service Company amongst 45 other companies found eligible. This panel of shortlisted ESCOs would be valid for a period of 2 years. BEE would circulate this shortlist among all the Government agencies as well as the State Government authorities so that they undertake implementation of energy efficiency projects in existing buildings/ facilities on the Performance Contracting route.

It may also be noted that at the end of two years, the individual ESCO would have to get an accreditation done by SEBI approval agencies and submit their accreditation certificate to BEE for future empanelment.

Your acceptance to this letter may be sent to BEE within seven days so as to upload your details on the BEE website as a BEE empanelled energy Service Company.

Thanking you,

Yours faithfully,

  
(Sanjay Seth)  
Energy Economist
